

Recognition (of your Great Attendant Care Workers) Made Easy!

We understand the value of a “Thank You”, especially when it comes to acknowledging someone who continually does a great job. That is why we have put in place all the recognition awards for attendant care workers: Kudos Korner, Above and Beyond and the SHINE Award.

There are many consumers who recognize their great workers on a regular basis. There are some workers who shy away from a heartfelt thank you and any recognition, figuring that is just what they do and who they are. And there are those workers who silently go about their daily tasks without notice, whose day would be made so much brighter because they were recognized as the great worker they are and given a heartfelt thank you. Imagine brightening someone’s day...

Now, we are making it easy for you to recognize your great workers. You no longer have to fill out any forms if you don’t want to – we’ll do that for you (of course if you want to continue to fill out the forms, that option will still be available via the website or your coordinator).

To recognize a great worker, simply send an email to our Attendant Care Worker Relations Coordinator, Maureen Whittemore at mwhittemore@gsil.org and provide the name of your worker, the reason you would like to recognize them and any relative information you would like to share about how great this worker is. You can also call Maureen at 603-410-6512 with that same information. It’s that simple.

When we receive the information, we will send out a letter of thanks letting the worker know you have recognized them, we will send you a copy as well and we will let your coordinator know.

Recognizing great workers has never been easier! We hope you take advantage and recognize one of your great workers today!! Making someone’s day brighter because you noticed their efforts is a wonderful thing!!
